

Welcome to the Coaching Certification Process in the Hamburg Central School District!

In order to be a head coach, assistant coach, or volunteer coach in New York State, there are several requirements that must be fulfilled. Individuals are responsible for completing these requirements, completing the courses and certifications, paying the fees, supplying the district with copies of all completed certifications and reporting their progress.

The following requirements are for those coaches holding a valid NYS teacher or pupil personnel certification.

Hamburg Central School District will require your SS# in order to validate fingerprints on file with the NYS Education Department. NYS certified teachers/pupil personnel should already have fingerprints on file with the NYS Education Department. If not, they will be required for coaching.
